My dear Mr Lowell

I have no more

Certificates, will you have the

kindness to send me two or three

Hitherto I have not been

able to obtain from America

the portraits of my brothers

published in the American

Edition. Is there any means

of obtaining them in London?

apart from the books.

Wishing you all health,
happiness, and prosperity

Believe me to remain.

Yours very sincerely

My dear Mr Farmer

I trouble you with these few lines, to request you to inform me if you will be in London at the beginning of the year, and whether it will be convenient to you, to receive the few pounds due to me from Messrs Hodgate.

If you are prepared for time, be frank with me, for I already owe you too many favors

With my most sincere wishes for the health, and happiness, of you and yours, in the coming year

Believe me to remain

Very truly Yours

Jenny Wentworth Blanco
